# OAKWOODS CEMETERY.

**I**S located on Cottage Grove Avenue and 67th Street. All of the Hyde Park trains stop at 67th Street.

The funeral trains by the Illinois Central R. R. leaving the city at 2 and 3 o'clock p. m., go to the cemetery gate. The Pittsburg & Ft. Wayne R. R. suburban trains also stop at Cottage Grove Avenue, at southwest corner of the grounds.

There are good carriage roads from the city and Englewood through the park and Cottage Grove Ave. Also by 63d St., South Park Ave., and 67th St.

This cemetery *was designated and is improved entirely on the lawn system.* No chains, fences, or stone coping allowed in the grounds.

Oakwoods Cemetery is *now* what its founders promised it should be in the beginning of the improvements. Its forest of trees, planted from year to year; its large deep lakes and broad paved avenues, fronting the improved sections, all attest the wisdom of the original plans and the generosity of those who have carried on the work, and instead of magnifying the advantages and beauties of the cemetery, the Association simply ask the public to visit the grounds and judge for themselves

## PREFACE.

---

WE present the TOWN OF LAKE DIRECTORY to our Patrons with the belief that it will prove a welcome guest.

The publishers have spared neither time, labor nor expense, to make this Directory accurate and complete in every department. It has been a work requiring peculiar care and attention, owing to the great extent of territory and the imperfect street numbering in a considerable portion of the town.

This, together with the frequent removals, and the numerous buildings just about completed, has caused a delay which will be overcome in succeeding issues.

We desire to thank the business men for the liberal patronage bestowed, and shall endeavor to merit a continuance in our next issue — July, 1886.

Very respectfully,

R. R. DONNELLEY & SONS.

# G. H. WADSWORTH'S

# CASH GROCERY HOUSE,

*TILLOTSON'S BLOCK, ENGLEWOOD.*

---

The Cash System has proved a great success. The people of Englewood have seen that they can easily save 10 per cent. by buying for cash. The inevitable losses by the Old Credit Plan and the necessary expense of book-keeping, compels the grocer to ask larger profits when he sells on credit. Prices are so fluctuating that I now omit quotations. Please remember that I always guarantee my prices to be as low (if not lower) than any grocery firm in Chicago. We will deliver goods very promptly and guarantee all we sell in every respect. Being very centrally located (next door west of post-office) and having a large stock, bought low for cash—we know that we can save you money in purchasing first-class goods.

Yours, etc.

# WOULD YOU GIVE \$100 FOR A HOME?

---

You can get a new two story 5 room house, with 50 ft. lot, nicely fenced, with well and cistern, for \$1,100 by paying only \$100 down and \$15.38 monthly, including interest.

Such a house in the City rents for not less than \$20 a month, and in many of the Suburbs for not less than \$15, therefore your home would cost only \$100, the balance being rent you would otherwise throw away.

## WHERE CAN THIS BE DONE?

AT

# FERNWOOD!

Fernwood is located between Pullman and Washington Heights, on high rolling land. Commanding a fine view of Pullman, Kensington, Roseland, Washington Heights, South Englewood, Auburn, Grand Crossing and South Chicago, and is only 12 miles from Madison Street.

Reached by 3 lines of Railroad, all landing passengers in the heart of the City with no bridges to cross. The commutation fare is only \$5.00 monthly, and 10 ride tickets \$1.20. The running time 37 to 45 minutes, most of the trains making the run in 40 minutes.

Fernwood is restricted against Saloons and all other nuisances. Has convenient stores, and a coal yard where coal is sold at City prices.

Every man with a growing family should consult his best interests, and rear his children where health abounds, and where the noisome influence of the crowded City will not contaminate the lives of his dear ones

There is no place like the country for children, and the saving in doctor's bills alone will almost pay for the home. Then the pleasure and profit of a nice garden are worth more than all the car fare you would pay in a whole year. The soil at Fernwood is the finest in the world for gardening purposes.

Now if you will fairly consider what it costs you to live in the City and how much you are throwing away in rent, and the annual wear and tear of moving, you will come to Fernwood and have a home of your own.

We will take you any day to see the property free, and will build you a house to suit, on terms that you can meet if you can pay rent.

Hours for Consultation and Treatment: Ladies, 9 A. M. to 12 M. Gentlemen, 2 to 6 P. M.

The **Movement Cure** constitutes a Remedial Treatment for **Chronic Affections and Weaknesses.**

The Mechanical Apparatus supply operations otherwise impossible, and with a delicacy of touch otherwise unattainable. Its application is entirely under the control of the patient, and suits his feelings.

Interested inquirers will at any time be freely shown the nature and form of process applicable to such special cases as they may present.

These are permanent and indispensable additions to the resources of medicine, of universal utility, and adapted to the *weakest invalid.*

In addition to the invaluable resources of the **Movement Cure**, we employ, as a case may require,

**THE MOLIERE THERMO-ELECTRO BATHS.**

They induce a profuse perspiration by the combined action of electricity, oxygen and heat. Exclusively private. Separate baths for ladies.

**WOODRUFF'S ELECTRIC COUCH,**

For administering both the *Galvanic* and *Faradic* current, the construction being such, that while the patient is in easy reclining position, any particular part, or the entire body, can be instantly brought under the influence of either a Galvanic or Faradic current of any desired strength of either intensity or quality. *Safe, simple, painless, and highly effective.*

**DR. TRINE** has had an experience of twenty years' practice, the past seventeen of which have been spent in Chicago, and his patrons are among the most refined, intelligent and influential of her citizens.
